BIOGRAPHY

ORIGINALLY A PROFESSIONAL DANCER, CHARLOTTE VAN DE PEER'S PASSION FOR CLUBBING AND DANCING SOON SAW HER FOLLOWING HER DREAM OF TAKING TO THE DECKS.....

With a love for house music and following her favourite DJs like Sam Divine and Low Steppa it was inevitable that House music would become her genre of choice.

In a short space of time her skills progressed and her natural rhythm and passion made her a natural performer.

To improve her skills further Charlotte attended and graduated from Lisa Lashes School of Music. She was mentored by industry professionals who work with labels such as Toolroom, Sola, Intech and learned music production/ Event /DJing/social media and many other skills .

Charlotte has released My Mind which is available on Soundcloud.

She will be playing at Exile Events on the 9th of May, We Are Festival on the 23rd of May, Legends In The City 6th of June, Hidden Wonderland 10th July and Basing House 30th of August.

Charlotte is currently working on new music which will be released later this year.

"My passion is to move crowds while sharing my love of dance and music with like-minded hedonists."
